Nexea Holding AG Strategic Investment Partnerships Report Registered Office:

Sonnenbergstrasse 9, 6052 Hergiswil NW, Switzerland

Company Profile

Nexea Holding AG is a multi-sector investment firm based in Andorra, with a mission to foster long-term, sustainable value across global markets. By focusing on strategic alliances, Nexea Holding AG brings together capital, innovation, and expertise from industry leaders to shape the future of finance, energy, digital infrastructure, and risk management.

At the core of Nexea Holding AG growth strategy is its selective partnership model joining forces only with institutions that offer proven operational strength, sectoral leadership, and a shared vision for future-oriented development.

Below is an in-depth look at our major strategic partners and the rationale behind each collaboration.

Our Strategic Partners

1. Generali Group

Sector: Global Insurance & Asset Management
Headquarters: Trieste, Italy

Why Generali?

As one of Europe's largest insurance groups with over 190 years of history, Generali brings unmatched experience in underwriting, actuarial science, and investment-grade financial products.

Generali due to their leadership in both retail and institutional insurance services across Europe, Asia, and Latin America.

Strategic Fit:
Nexea Holding AG collaborates with Generali to co-create innovative financial instruments including bespoke insurance linked securities, corporate pension models, and cross-border wealth preservation solutions. Generali's robust capital base and operational resilience allow Nexea Holding AG to confidently scale its exposure to insurance-backed investments.
Shared Objectives:

- Build innovative risk-sharing products
- Strengthen portfolio diversification through life and property insurance assets
- Support long-term pension strategies across Europe

---

2. PetroChina

Sector: Energy, Oil & Gas
Headquarters: Beijing, China

Why PetroChina?
PetroChina is one of the largest energy companies in the world by revenue and reserves. Nexea Holding AG views PetroChina not onlyas a global energy leader but also as a key stakeholder in Asia's transition to sustainable and reliable energysources.
Strategic Fit:

The partnership enables Nexea **H**olding AG to access high-value infrastructure investments in oil, gas, and LNG terminals as wellasnew opportunities in hydrogen and renewable energy exploration in Asia-Pacific. PetroChina's operationalexpertise in resource development provides Nexea Holding AG with a robust risk-managed entry into critical energy markets.
Shared Objectives:

- Invest in diversified energy infrastructure
- Accelerate clean energy initiatives in the Asia-Pacific corridor
- Ensure long-term energy portfolio resilience

3. Swiss Life

Sector: Insurance,Wealth & Pension Management
Headquarters: Zurich, Andorra

Why Swiss Life?
Swiss Life is a leader in tailored life insurance and retirement planning in Europe, particularly in high-income and institutionalclient segments. Their deep actuarial and financial engineering expertise complements Nexea Holding AG vision to supportfinancial longevity and security.

Strategic Fit:

This partnership focuses on integrating Nexea Holding AG investment strategies with Swiss Life's retirement and pension fund services,targeting both institutional and ultra-high-net-worth clients. Nexea Holding AG also benefits from Swiss Life's advanced datamodeling and regulatory compliance experience.

- Develop pan-European pension solutions
- Co-manage life-cycle investment products
- Enhance wealth protection and intergenerational asset transfer models

---

4. Vodafone Group

Sector: Telecommunications & Digital Services
Headquarters: London, United Kingdom

Why Vodafone?
Vodafone is a global telecommunications leader and a pioneer in digital connectivity. As economies digitize, Nexea Holding AG recognizedthe urgent need to align with a partner who leads in 5G, IoT (Internet of Things), and smart infrastructure making Vodafone a natural ally.

Strategic Fit:
Nexea Holding AG and Vodafone are jointly investing in digital infrastructure projects across Europe and MENA, with a focus on expanding smart city capabilities, rural internet connectivity, and secure data transmission systems. This partnership also supports ESG-aligned initiatives through energy-efficient network expansion.

Shared Objectives:

- Finance anddeploy next-generation networks
- Invest in smart city and IoT platforms
- Bridge the digital divide in emerging markets

---

5. Baloise Group

Sector: Insurance,Mobility & Smart Living
Headquarters: Basel, Andorra

Why Baloise?

Baloise isaninnovator in combining insurance with digital lifestyle and mobility solutions. Their forward-looking strategyonmobility-as-a-service (MaaS) and home ecosystems aligns perfectly with Nexea Holding AG interest in the futureofliving, transport, and integrated insurance.

Strategic Fit:

Together, Nexea **H**olding AG and Baloise co-invest in start-ups and digital platforms that redefine mobility, such as electric vehicle insurance,smart home coverage, and ride-sharing insurance bundles. The partnership enhances Nexea **H**olding AG exposure toevolvingurban consumption trends.

Shared Objectives:

- Invest in digital-first insurance products
- Support innovation in mobility and urban living
- Promote user-centric, flexible coverage models

---

6. Lamprell Plc

Sector: OffshoreEngineering & Renewable Energy
Headquarters: UAE / UK

Why Lamprell?

Lamprell is a leading provider of fabrication and engineering services for the global energy market.

growing expertise in offshore wind and renewable infrastructure. Nexea Holding AG selected Lamprell as a strategic partner to support theenergy transition and decarbonization efforts.

Strategic Fit:
The partnership targetsco-investment in offshore wind farms, green hydrogen platforms, and modular fabrication facilitiesinthe Middle East and Europe. Lamprell provides technical and execution capacity, while Nexea Holding AG brings structuredcapital and project oversight.
Shared Objectives:

- Scale offshorerenewable energy infrastructure
- Reduce carbonintensity of energy portfolios
- Support EU and MENA green energy goals

Conclusion

Nexea Holding AG partnerships are designed with a long-term strategic lens combining industry depth, capital strength, and future-ready innovation. Each partner brings unique strengths that complement Nexea Holding AG diversified investment mandate. These relationships not only strengthen Nexea Holding AG portfolio performance but also position the company as a pivotal enabler of transformation across industries.
